

## NASIS EDITING GROUPS & DATA STEWARDS

The Groups mentioned below already exist and have for several years. As we fully implement the November 2007 MLRA Restructuring of the Soil Survey Program, some other existing Groups will need to be renamed and / or combined.

These are located in the NASIS Site Table under MLRA10\_Office.

As always has been, the Data Steward (Contact) is responsible for the accuracy and integrity of the data associated with the Group Name, and therefore determines who the Group Members (editors) are.

### Groups for Each MLRA's Data Management

Group (name)	Data Steward (Contact)
MLRA XYZ <sup>1</sup> Legend	Soil Data Quality Specialist
MLRA XYZ DMUs [-City Name] <sup>2</sup>	MLRA Soil Survey Leader
MLRA XYZ Pedons [-City Name]	MLRA Soil Survey Leader

### Examples for MLRA 109

Group (name)	Data Steward (Contact)
MLRA 109 Legend	John Handler
MLRA 109 DMUs--Fairfield	Mark LaVan
MLRA 109 DMUs--Gallatin	Melvin Simmons
MLRA 109 Pedons--Fairfield	Ryan Dermody
MLRA 109 Pedons--Gallatin	MLRA Soil Survey Leader

---

<sup>1</sup> "XYZ" represents the symbol for the MLRA.

<sup>2</sup> Some MLRAs are divided among two MLRA Soil Survey Offices; in these situations, the city in which each office is located is appended to the "MLRA XYZ DMUs" name; same for the "MLRA XYZ Pedons" name.
